Tech Talks by IEEE Sarawak

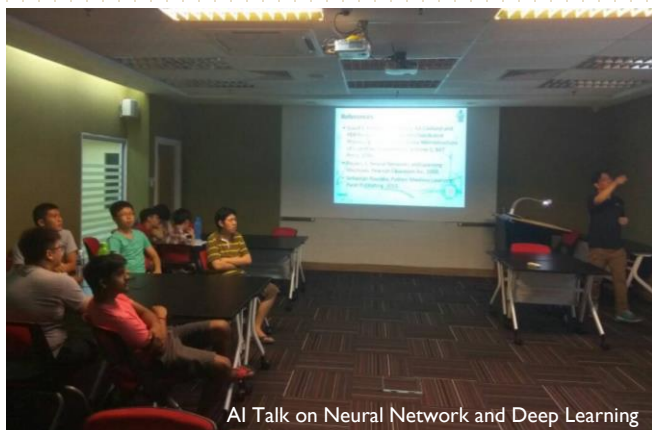

IEEE Sarawak Subsection held two technical talks to enhance and develop the technology awareness of the local community.

The first tech talk was on digital substation of power grid and conducted by industry expert Mr. Victor Wong on 19th April 2017. Mr. Victor Wong is the senior vice president for Grid System Operations at Sarawak Energy. Students and academic staff from UNIMAS and Swinburne attended this talk.

Mr. Victor Wong is delivering the talk

As artificial intelligence becomes more and more prevalent in all aspects of our daily life. The second tech talk was titled “A Tour of Artificial Neural Network: from Perceptron to deep learning”. the talk was given by Dr. Loke Kar Seng on 9th June.

AI Talk on Neural Network and Deep Learning

Membership Development: Senor Member Elevated

Sarawak Subsection actively engages members with membership development activities. As the result of first quarter senior member elevation workshops. Several of our members are elevated to senior level.

Table 1. Senior members elevated in Sarawak in first two quarter 2017

Name	Affiliation
Lim King Hann	Curtin
Arief Yanuar	UNIMAS
Chua Hong Siang	Swinburne
Pan Zheng	Swinburne
Loke Kar Seng	Swinburne
Mathew Kuruville	Swinburne
